Operations of the Company

The total income of the Company during the financial year under review was ₹ 1,07,64,190 as against ₹ 10,66,00,154 in the previous financial year. The reduction in income was primarily due to reduction in dividends and non-receipt of commission and interest income.

The total expenditure during the year was ₹ 5,10,10,143 as against ₹ 17,46,49,169 in the previous financial year. The reduction in expenditure was primarily due to decrease in Finance costs.

During the year under review, a lender, in whose favour one of the Company's investments was pledged to secure the loans made to certain promoter companies, sold the pledged shares to liquidate the loan of a promoter company, resulting in a profit of ₹ 146,61,41,592.

Pursuant to the corporate guarantee given by the Company on behalf of some group companies and an erstwhile group company's borrowings, the lender invoked the corporate guarantee on non-payment of the borrowings and sold pledged securities and proceeds thereof of ₹ 151.55 crores and a cash margin of ₹ 7.22 crores were utilised by the lender to liquidate the loans of the said borrowing companies. The Hon'ble High Court of Karnataka on February 7, 2017 has passed an order for winding-up of a promoter company in which your Company holds 52,60,002 equity shares. The said company has filed an appeal against the said order which is pending and hence the investment continues to be shown at cost.

Market Value of Company's investment

The Company's net worth taking into account the market value of the Company's investment stocks, would be more than adequate to meet its liabilities and to continue its operations in future.

Future Prospects

Your Company continues to hold strategic investments in UB Group companies and dividend distribution by the investee companies would enhance its revenue progressively.

The Company does not have minimum prescribed net owned funds, capital risk adequacy ratio, etc. for being classified as Non-Banking Financial Company (NBFC). As advised by the Reserve Bank of India, the Company had made an application for re-classification of the Company as a Core Investment Company.

In order to strengthen the prospects of the Company, your Directors are evaluating different options to enter into additional activities. Should such opportunities prove to be attractive, your Company would consider them during the current year.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

Annexure to the Independent Auditor's Report

principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
